A Mentorship Program Testimony

I've been so pleased with the Mentoring Program through the Christian Education Network of the ELCA. My Mentor and I have made a great connection and she's been incredibly flexible with my busy schedule, as well as patient during the craziness of my youth and children ministry schedules. My mentor has done a great job of asking the important questions, and pushing me to think realistically to obtain the goals we have set. I'm very grateful for this help in my new call-I'm new to Children's Ministry, after years within Youth Ministry. The Mentor Program has been of great help, and I look forward to continue looking for guidance and advice through them! - Ashley
